Introduction

Experience the charm of a bygone era on this exciting 8 day, 7 night tour where you will discover the best of what Holland and Belgium have to offer. During the day you will cycle to world famous destinations such as Amsterdam, Dordrecht, Antwerp, Ghent and Bruges, while at night you will relax in the comfort of your floating hotel. Cycling on this tour is through the beautiful – and flat – Dutch countryside of Zeeland and the western Flanders region of Belgium. Attractions along the way include many charming villages, a visit to a real Dutch cheese farm, the 19 famous Dutch windmills in Kinderdijk and the world famous cities of Antwerp, Ghent and Bruges in the western Flanders region of Belgium.

Day to Day

Day 1 **Amsterdam – Utrecht**

Embarkation and check-in is between at 2 p.m., where your crew for the week will be waiting to welcome you on board. At 2.30 p.m. the ship will depart from Amsterdam to Utrecht, a charming town. From there, you can enjoy a scenic first test ride through the surrounding area of Utrecht.

Day 2 **Utrecht – Vreeswijk | Schoonhoven – Kinderdijk 32/56 km | Dordrecht**

32 km

During breakfast, the ship cruises to Vreeswijk, where your bicycle tour starts. Cycle along winding rivers, picturesque villages, and historic locks while enjoying the peaceful nature and the Dutch landscape. Later in the day as you cycle through the Alblasserwaard region you will reach Kinderdijk, a village famous for its impressive row of 19 large windmills. All 19 windmills have a UNESCO cultural heritage listing and are a definite highlight – you will have the opportunity to visit one so don't forget to bring your camera! From nearby Alblasserdam you will take the "Waterbus", a fast ferry, that will take you and your bicycle in approx. 10 minutes to Dordrecht, one of the oldest towns in Holland.

Day 3 Dordrecht – Willemstad | Willemstad – Bergen op Zoom 42/50 km 42 km

As you enjoy your breakfast aboard the ship, the ship will sail to Willemstad where you will start your day's cycling. Willemstad is a beautiful old fortified town on the Haringvliet waterway. Your bicycle ride goes to Tholen, once was an island in the middle of the large Zeeland streams, where many people fished for their living. Nowadays Tholen is connected to the mainland in various ways.

Then you cycle on to the destination of this trip, Bergen op Zoom. Bergen op Zoom is a historic fortified town that once lay on the open waters of the Oosterschelde. After dinner you can take a walk through the old town. Narrow streets, old town, market and church squares and idiosyncratic monumental buildings show the history of a rich and eventful past that goes back more than eight hundred years.

Day 4 Bergen op Zoom – Kreekrak lock 21/35 km | Kreekrak lock – Antwerp 21 km

In the morning you will enjoy a small bike ride through the beautiful "Wouwse Plantage" surrounding Bergen op Zoom. In the early afternoon you will once again board the ship which will sail to the port city of Antwerp, situated on the river Schelde. Antwerp is famous for handling up to 80% of the world's rough diamonds and is a city with a long list of attractions including: the City Hall, one of several majestic buildings constructed during the Renaissance period, the historical City Square Grote Market, the Onze-Lieve-Vrouwe Cathedral and the medieval Steen Castle. Dinner tonight (not included) will be in town in a restaurant of your choice (recommendations available on board).

Day 5 Antwerp – Temse – St. Amands 34/49km 34 km

This morning you will cycle out of Antwerp along a picturesque section of the Schelde River to St. Amands your home for the night. There is only one way to describe the landscape around the Schelde and that is "magnificent". It is without doubt one of the natural highlights of the tour.

Day 6 St. Amands – Dendermonde | Dendermonde – Ghent (52 km) 52 km

Today you will continue to follow the river Schelde to Ghent where the ship will moor for the night at a lock in a suburb of town. Ghent is a lively university city that boasts a rich history. Since Roman times Ghent's position at the junction of Leie and Schelde Rivers has ensured that it has been a successful trading port. In total the city features an Opera House, 18 museums, more than 100 churches and over 400 historical buildings. Major attractions are St. Bavo Cathedral where a number of masterpieces of medieval art including the world famous 'Adoration of the Mystic Lamb' by Jan van Eyck are kept and the 91-metre-tall belfry of Ghent, one of three medieval towers that overlook the old city center. Before dinner a small canal boat will take you for a guided tour through the historic city.

Day 7 Ghent – Bruges 22/45 km 22 km

Today you will cycle from Ghent through the beautiful Flemish countryside of western Flanders to Bruges, widely described as the 'Venice of the North' and arguably the most beautiful of all the Flemish cities. Bruges attracts more than two million visitors every year who come to see the picturesque medieval town center of the UNESCO World Heritage-listed historic city and a long list of historic attractions. An outstanding example of a medieval historic settlement, Bruges has managed to maintain its historic fabric as it has evolved over the centuries, with the result that today the city's original Gothic buildings form an integral part of the town's identity. While you are here you can visit one of Bruges many museums or simply take in the stunning beauty and culture of this unforgettable city from the comfort of a sidewalk café.

Day 8 Bruges

End of your tour: Disembarkation after breakfast until 9.30 a.m.

Accommodation

Premiumship Magnifique I

The new premium barge Magnifique I will join our fleet in 2024. In recent years, experienced ship builder, barge owner and operator Walter van Berkum constructed the barges Magnifique II, III and IV. His newest project is to extend and restyle an existing passenger barge. A new section of 12 meters will be placed in the ship, making it 57 meters long and 6.6 meters wide. This size allows the barge to navigate on smaller waterways, and often moor in the center of towns and cities. The barge will sail under Dutch flag and management on several tours in The Netherlands, Belgium and Germany.

Description of the cabins

The Magnifique I will have a capacity of max. 32 guests in 16 cabins. Twelve twin cabins (approx. 11 m²) with two single beds; four junior suites (approx. 15 m²) have two single beds set next to each other as a hotel style bed.

All beautifully decorated cabins are on lower deck and have en-suite bathrooms, air-conditioning, a mini-safe and a hair-dryer; the windows can not be opened for security reasons.

Description of the ship

The upper deck has a tastefully furnished salon with a restaurant area, a nice bar and a lounge area with sitting corners, air-conditioning, TV and large panoramic windows. Wi-Fi is available. Large glass doors open to the beautiful partially roofed teak wood sundeck with chairs and tables between the salon and the wheelhouse. Bicycles are stored on the front deck.

Premiumship Magnifique II

The premium ship Magnifique II was constructed in 2015/2016. The proud owner, Walter van Berkum, is one of the most experienced ship builders and operators of the fleet: he converted several former cargo ships into beautiful passenger ships. By constructing the Magnifique II, Walter was the first one to introduce "upper deck suites" for smaller passenger barges. The Magnifique II has set new standards for comfort for bike and barge tours. The vessel sails under Dutch flag and management and is a very popular ship on several tours in The Netherlands and Belgium.

Description of the cabins:

The upper deck has four spacious suites (14 m²) with two separate single beds, a small sitting area and large panoramic windows, of which the middle part can be opened. The lower deck has thirteen cabins: one premium twin cabin (13 m²) with two separate single beds and a small sitting area and twelve beautiful twin cabins (11 m²) with 2 separate single beds. In most cabins, on prior request, the beds can be set together as a double bed. On request, an extra bed is available in two twin cabins and one upper deck suite for children up to age 16 (above one of the other beds).

All cabins have en-suite facilities with a shower, toilet and sink. The cabins on the lower deck have portholes (fixed for safety reasons), upper deck suites have 2 m wide windows (which can be partly opened) and the air conditioning in all cabins can be individually regulated. Furthermore, in each cabin you will find a flat screen satellite TV, a mini safe and a hair dryer.
